Background

- **Consolidated Inspection and Registration System Study**
 - Required by Senate Bill 197, 82nd Legislative Session
 - Joint study by Texas Department of Motor Vehicles (TxDMV) and Department of Public Safety (DPS)
- **House Bill 2305, 83rd Legislative Session**
 - Establishes registration-based enforcement of inspection effective March 1, 2015

What happens on March 1, 2015?

- **Inspection stickers are no longer issued at Vehicle Inspection Stations**
- **Registration sticker is proof of registration *and* inspection**
- **Current, passing inspection required for registration**
- **State's portion of inspection fee, if any is due, collected at registration**
- **No change to vehicles required to complete inspection**
- **No change to inspection fee or registration fee**

Establishing a Single Expiration Date

Sync Up Year: March 1, 2015 – February 29, 2016

- Registration permitted if a current, passing vehicle inspection is on record (electronic or VIR) at the time of registration.

Example:

1. Vehicle receives a passing inspection in December 2014. The inspection expires in December 2015.
2. The vehicle registration expires in May 2015. Registration can be renewed in May 2015 because there is a current and passing inspection at the time of registration.
3. A May 2016 registration sticker is issued to represent the vehicle's new inspection *and* registration expiration date.

After the Sync Up Year

March 1, 2016 and thereafter

- Vehicles which do not receive a commercial inspection: Registration permitted if a passing vehicle inspection occurs in the 90 days prior to the vehicle's registration sticker expires.
- Vehicles which do receive a commercial inspection: Registration permitted if a vehicle has a current, passing inspection at time of registration.
- Used vehicles sold by a dealer must have an inspection within 180 days of date of sale.
- No time frame requirement for new vehicles.

Example:

1. Vehicle registration sticker expires May 2016.
2. Vehicle must obtain a passing vehicle inspection within 90 days prior to the May 31, 2016 expiration, in order to renew on time.
 - Vehicle's 90 day inspection window: March 3, 2016 - May 31, 2016.

Importance of the “VIR”

Vehicle Inspection Report (VIR)

- Each vehicle will be issued a VIR by the inspection station at time of inspection
- VIR needed for manual verification of inspection
- Additional copies of VIRs may be obtained from any inspection station

Details beginning March 1, 2015

Rules for Year One (3/1/15 – 2/29/16)

- A current, passing inspection is required to register or renew registration
- Inspection is verified only when registration is issued or renewed
- Registration sticker is proof of current, passing inspection

Registration Renewal Notice

- Inspection fee due will be printed on the renewal notice. Some customers will not have an inspection fee due
- Collect the inspection fee as shown on the renewal notice, if applicable
- *Inspection and Registration Notice* for customers who do not have an inspection record or who have an expired or failing record
- Organ Donor donation line to be added to the renewal notice
- Back of renewal notice text and format will be updated

Out of State Motorists

Groups Impacted

- Active Duty Military
- Full-time Students
- Seasonal Texans (RV'ers)
- Vehicles in TxIRP
- Elected Congressional Officials

Self-Certification

- Self-certify online, by mail or walk-in
- “Verify Inspection” remark to be placed on vehicle record
- Vehicles that return to Texas with an expired inspection are required to obtain an inspection within three days of return to the state; this requirement will remain in place

Impact to TxDMV Systems

All TxDMV title and registration systems are impacted by Two Steps, One Sticker.

Registration Renewal Insert

☞ IT'S EASY ☞ HERE'S HOW IT WORKS

- Step 1** Pass a vehicle inspection and retain your vehicle inspection report.
- Step 2** Renew your annual registration by mail, online or in person, and your inspection status will be verified electronically. A passing inspection is required for registration.

You'll be issued one sticker as proof of inspection and registration.

TWO STEP TIPS

Single Expiration Date: Transitioning to "Two Steps, One Sticker" will require every vehicle's inspection and registration dates to expire at the same time. In order to do this, during the first year you will be allowed to register your vehicle as long as your vehicle inspection is valid the day you register.

90 Days to Inspect: Beginning March 1, 2016, you will have a convenient 90 day window to complete the Two Steps. In order to register on time, you must have your vehicle inspected within 90 days before your sticker expires.

Inspection Verification: If your vehicle passed inspection but the system is unable to electronically verify it, simply present your valid, passing vehicle inspection report (VIR), and you will be able to register.

Inspection Fees: The inspection fees have not changed but where you pay them has. You will now pay the inspection station its portion of the fee at the time of inspection and the state's portion of the fee will now be collected at the time of registration.
